

## **FBI's Veteran Diversity Recruitment Initiative**

### **Subject: Upcoming FBI Virtual Career Event (VCE) and Special Agent posting announcement**

Hello National Naval Officers Association (NNOA) members:

I am writing your organization to make you aware of an exciting opportunity being made available to veterans of diverse backgrounds.

The FBI has been working diligently in conjunction with the Presidential mandate to increase diversity within the government. This communication is being provided to announce the FBI's push to recruit diverse veterans within our Special Agent and support positions. If you would please forward this information throughout your organizations with the hopes that we can increase diversity and assist our veterans toward helping them continue the work which they are so effective, defending our nation.

The launch of the FBI's Virtual Career Event (VCE) date will be announced soon. During the VCE you will get an opportunity to meet with a hiring manager who might be looking for someone with your skills and experience. If you are interested in applying for a support position, please visit our website [FBIjobs.gov](http://FBIjobs.gov), you can do so at this time.

For those interested in applying for the Special Agent position - You must apply during the VCE. For additional information on Special Agent qualification please visit, <http://www.fbijobs.gov/11.asp>. If you apply during the scheduled VCE, I will be able to help you monitor the progress of your application as well as offer assistance along the way. I have attached a document outlining our current Special Agent needs and would like for you to review it prior to the VCE announcement.

For those interested in taking any of our language tests you should visit our website at, <http://www.fbijobs.gov/124.asp>. If after reading the requirements for qualification you are still interested, complete the application and let me know by email when you have submitted your application. I can assist with monitoring your progress through the Contract Linguist application Process.

FYI - Veterans are eligible for an age waiver, just as long as they are able to pass the physical fit test. The details of the fit test are located on the link I provided you.

These two links will allow NNOA members to upload their resumes into our database for the purpose of matching them with current and future job openings within the Bureau.

[NNOA 2012 - Special Agent](#) and [NNOA 2012 - Professional Staff](#)

Those expressing an interest in our Special Agent position can upload their resume under the Special Agent link. Once the position is announced they will receive a reminder email instructing them to apply to the posting.

Thank you and I look forward to hearing back from you regarding the opportunity to address your members with an information session on the FBI's Diversity and Veteran program.

Thank you for your interest in FBI employment and contact me if you should have any questions. The FBI has 56 field offices along with resident offices and legets throughout the US and overseas from which our agents and support staff conduct operations.
